

Preliminary Program Pancreatic cancer: Improving Diagnosis, Treatment and Care 2. September 2022

08:30 – 09:00 Registration
Coffee and light breakfast

09:00 – 09:10 Welcome and review of the program

Diagnosis of Pancreatic Cancer, moderators Peter Vilmann & Anders Toxværd

09:10 – 09:40 Screening and early diagnosis of pancreatic cancer
Stephen Pereira, UK

09:40 – 10:00 Endoscopic ultrasound guided biopsy in the diagnosis of solid and cystic
pancreatic lesions
Peter Vilmann, Herlev Hospital

10:00 – 10:20 Nuclear medicine in pancreatic cancer- new perspectives
Andreas Kjær, Rigshospitalet

10:20 – 10:40 Coffee break & visit company booths

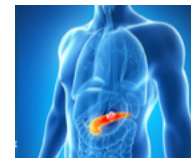

Pathology/translational analyses, moderators Jane Preuss Hasselby & Inna Chen

10:40 – 11:00 Diagnosing pancreatic cancer – challenges and possibilities, pathologists
view
Jane Preuss Hasselby, Rigshospitalet

11:00 – 11:20 Liquid biopsies: Complementary biomarkers for precision medicine in
pancreatic cancer
Stig Bojesen, Herlev hospital

11:20 – 11:40 Clinical Relevance of Serum proteins
Sidsel Christy Lindgaard, Herlev hospital

11:40 – 12:10 Molecular mechanisms of cancerogenesis and therapeutic targeting in
the pancreas

Paco Real, Spain

12:10 – 13:10 Lunch & visit company booths

Treatment, moderators Carsten Palnæs Hansen & Benny Vittrup

- 13:10 – 13:25 Are there any new perspectives in Surgery?
Jan Storkholm & Carsten Palnæs Hansen, Rigshospitalet
- 13:25 – 13:55 Treatment options for pancreatic cancer – Challenges and future perspectives
Inna Chen, Herlev Hospital
- 13:55 – 14:15 Endoscopic ultrasound guided therapy in patients with advanced pancreatic cancer (Internal bile duct drainage, celiac plexus neurolysis, ablation)
Peter Vilmann & Bojan Kovacevic, Herlev Hospital
- 14:15 – 14:45 Coffee break and visit company booth
- 14:45 – 15:05 Pancreatic cancer - novel targets and therapies from a phase 1 perspective
Kristoffer Staal Rohrberg, Rigshospitalet
- 15:05 – 15:25 Specialized palliative care for patients with pancreatic cancer in Denmark in the period 2012 – 2017
Kristoffer Bastrup-Madsen Marså, Herlev hospital
- 15:25 – 15:55 Pancreatic cancer – state of the art
Eric van Cutsem, Belgium
- 15:55 – 16:05 Life Story
Patient experience
- 16:05 – 16:15 Summary and closing remarks
The steering committee
